

**Indirect Procurement Specialist
Denver, CO**

Job Summary:

We are recruiting for a newly created Indirect Procurement Specialist to join our team at our Corporate Headquarters. Under the direction of the Purchasing Manager, this person will handle both strategic sourcing and tactical fulfillment for company expenditures. The indirect procurement function is comprised of capital equipment, energy, MRO, plant services and corporate services.

Key Responsibilities:

- Lead strategic sourcing initiatives to optimize suppliers and material cost positions.
- Optimize MRO working capital positions in inventory & payables.
- Lead negotiations for corporate supply agreements.
- Increase procurement engagement and influence in new and incremental spend areas.
- Monitor market conditions and supplier positions to support evolving operational requirements.
- Manage & influence supplier continuous improvement performance in the area of quality improvements, cost savings & innovation.

Minimum Qualifications:

Education and Experience:

- Bachelor's degree in Economics, Finance, Supply Chain Management, Operations, Engineering or related degree. MBA preferred.
- 5+ years of corporate procurement and/or supply chain experience, with
- 2+ years of indirect procurement experience
- Experienced users in ERP systems, SAP a plus.

Knowledge, Skills, & Abilities:

- Strong analytical skills and the ability to negotiate formal contractual agreements;
- Capital equipment procurement experience;
- Superb time management skills;
- Effective written, oral, and interpersonal communication skills;
- Solid analytical and problem solving skills;
- Ability to drive change through influencing others that do not directly report into position;
- Independently lead projects and self motivated.
