DINNER SPEAKER – MAY 20

The Critical Role of Procure to Pay (P2P) in the New Economy: Hidden Value Levers Presented by: Bill Dempsey

Bill Dempsey, Director of Procurement and Strategic Sourcing for MillerCoors, will bring his insights as to what is happening within MillerCoors procurement and specifically will discuss the role of P2P at MillerCoors – looking at how they structure the process, their guiding principles, the importance of proper formation of a P2P team, and some examples of projects in process at this time. Additionally, Bill will share his experience of working with the hidden value levers being explored at MillerCoors:

- Shareholder Value and Strategic Sourcing
- Integrating with Others in P2P
- Strategic Alliances
- Cash Conversion Cycle
- Non-Recurring Expenditures

Bill will conclude his presentation by sharing his thoughts as to how he sees the “new economy” and how it impacts us.

Bill is responsible for procurement activities including strategic sourcing, contract management, supplier management and operational purchasing for nearly \$2 billion of indirect material category spend. MillerCoors Procurement has recently managed through some significant transformational changes, with the joint venture of Miller and Coors in July 2008. BUSINESS CONDITIONS SURVEY

By Rogers Coke, CPSM, C.P.M.

JOIN THE NAPM-DENVER BUSINESS SURVEY

NAPM-Denver in cooperation with the University of Colorado at Denver publishes a Denver area Manufacturing Business Survey and a Denver area Non-Manufacturing Business Survey.

NAPM-Denver needs members willing to respond to the each of the surveys. The survey questions ask respondents various questions to ascertain the condition of the manufacturing and non-manufacturing economies in the Denver area. The surveys are similar to the Institute for Supply Management's (ISM) Report on Business for both manufacturing and non-manufacturing.

Please contact Dr. M.P. Parthasarathy of the University of Colorado at Denver College of Business at email: Madhavan.Parthasarathy@cudenver.edu or telephone: 303-556-5849 to participate or for more information. A large group of respondents is required to make the surveys valid.
